

What do you base a meal on? With us it's often what's in the fridge - an open half tin of Baked Beans on this occasion! As we've had a couple of fairly complex experimental meals over the last few days we thought we'd just have an old favourite - Crispy coated Chicken, with home made Onion Rings, chips and home made Coleslaw.

It's not big and it's not clever . But it was very tasty!

[Here's the latest crispy coating recipe](#) (We used Salt and Vinegar Crisps this time!)
