

Over the last 2 years we've made four version of Sue's Monster Burger:-

Monster Turkey Burger - [Recipe here](#)

Mini Monster Turkey Burgers with Chilli Sauce - [Recipe here](#)

Monster Minted Lamb Burger - [Recipe here](#)

Even a plain boring (Not) Monster Burger - [Recipe here](#)

But no Beef and Chilli Burger. Omission corrected?.

It seems dreadfully excessive for two of us but well be eating the remaining Burger cold today and the Chilli Sue made from the other half of the 500g minced Beef pack is a meal in its own right. All it needs is a bit of boiled Rice and we're good to go?.
