1 Tin of chopped Tomatoes & ½ a Tin of water

2 Cloves of Garlic, minced

A knob of Margarine and Oil to fry

Method:-

- (1) Heat the Oil & Margarine in a pan.
- (2) Add the Onions and fry until softened.
- (3) Add the Garlic and fry for a further 2 minutes.
- (4) Season with Ground Pepper and stir in the Tomatoes, Sugar, Soy Sauce and dried Thyme.
- (5) Bring everything to the boil and then reduce the heat to a simmer.
- (6) Simmer for 5 minutes.
- (7) Add the Cod to the Sauce.
- (8) Cover and simmer on a very low heat for 10 minutes.

(9) When the Fish is cooked and flakes easily, you are ready to serve.

We served ours with the Fish on a bed of the sauce, the remained spooned over, Broccoli and Minted New Potatoes. I was rather good?...
