

Sue often makes Marie Rose sauce when we make hand pressed Burgers. But we're overrun with fresh Dill which really likes our little balcony greenhouse. So here's a way to give your Burgers a bit of an East European style.

Ingredient:-

Fresh Dill, chopped

The Juice of $\frac{1}{2}$ a Lemon

Freshly ground Black Pepper

Mayonnaise

Method:-

- (1) Mix all the ingredients.
- (2) Spread on the buns.
- (3) assemble your Burger.

This was actually a Breakfast Burger with everything you might want in a good Breakfast stuffed in a bun!
